Students are asked to have their books covered with a **protective** covering to ensure the book is maintained throughout the year or the time period of its usage. It is much easier and more appealing to revise work in a tidy book than a tatty one. Students need to ensure their name and the title of the book are included clearly on the front cover.

Students are also asked to have a pencil case containing:

- Blue/black/red pens
- Lead pencils
- Erasers
- Glue stick
- Scissors
- A small number of coloured pencils and/or textas
- A ruler

White Correction Fluid and Permanent markers are banned at the College and should not be brought to school.
